1. Company Overview

Category	Details
Legal Name	EDG Patio & Shade
Headquarters	1802 Holian Drive, Spring Grove, IL 60081
Local Service Area	Lake County IL, McHenry County IL, North Shore Chicago, Southeast Wisconsin (Lake Geneva/Kenosha)
National Reach	Design & supply partnerships with professionals in all 50 states
Founded	[Year]
Business Type	Specialty dealer, designer, and installer of motorized outdoor systems

What We Do

EDG Patio & Shade is the go-to design and supply partner for professionals installing

motorized pergolas, retractable screens, and glass enclosure systems. We work with builders, architects, designers, and dealers across the country—providing system selection, engineering support, and project coordination so they can deliver better outdoor spaces to their clients.

Locally, we also serve homeowners directly across the Chicago-Milwaukee corridor with full-service design, supply, and installation from our own crews.

When clients are ready to complete their outdoor space, we handle outdoor kitchens, furniture, heating systems, and umbrella systems.

Business Model

- **B2B / Trade Partners (National):** ~50% of revenue. Design & supply partner for builders, architects, designers, and dealers nationwide. We spec the right system, handle engineering and procurement, and ship to your job site—or send our crew if you need installation support.
- **Residential (Local):** ~50% of revenue. Direct-to-homeowner projects in Lake County, McHenry County, North Shore Chicago, and Lake Geneva/Kenosha. Full-service: design, supply, and installation by our own crews.

Our Niche

We own the **design/supply partner** space for motorized outdoor systems. Most manufacturers sell through locked-in local dealers. Most dealers only know one brand. EDG sits in the middle—system-agnostic, technically deep, and built to support professionals who need a reliable specialty partner, not another vendor pitch.

2. Brand Identity (Visual Guidelines)

Brand identity designed by Thomas Campos. Reference the EDG_Brand_Identity_FINAL.pdf for logo files and detailed specifications.

Logo

The EDG logo consists of the letters "EDG" in bold sans-serif type, with "PATIO & SHADE" below in spaced lettering, flanked by horizontal accent lines in the brand mint color.

- **Primary Logo:** White text on black background
- **Alternate Logo:** Black text on white background
- **Accent Element:** Mint/teal lines flanking "PATIO & SHADE"
- **Clear Space:** Maintain adequate spacing around logo

Typography

Type	Font Family	Usage
Primary Font	Bahnschrift SemiBold	Headlines, subheadlines, body text
Style Notes	N/A	Adjust letter spacing for display text; standard spacing for body
Fallback	Arial	Fallback for web/email if Bahnschrift is unavailable

Color Palette

Primary Colors

| Color | HEX | RGB | CMYK |

| :--- | :--- | :--- | :--- |

| **Black** | #000000 | 0 / 0 / 0 | 75 / 68 / 67 / 90 |

| **White** | #FFFFFF | 255 / 255 / 255 | 0 / 0 / 0 / 0 |

Secondary / Accent Color

| Color | HEX | RGB | CMYK |

| :--- | :--- | :--- | :--- |

| **Mint** | #42FFC1 | 66 / 255 / 193 | 51 / 0 / 42 / 0 |

Color Usage Guidelines:

- Black and white are the primary brand colors—use for most applications.
- Mint (#42FFC1) is an accent color—use sparingly for highlights, CTAs, and visual interest.
- Logo should appear on black or white backgrounds only.
- The mint accent should never be used as a background color for text.

3. Brand Positioning

Positioning Statement

EDG Patio & Shade is the design and supply partner professionals trust for motorized pergolas, retractable screens, and glass enclosure systems. We work

with builders, architects, designers, and dealers across the country—matching the right system to each project from multiple manufacturers, not pushing a single brand. Locally, we serve homeowners across the Chicago-Milwaukee corridor with full-service design, installation, and care. Wherever the project is, we bring the same thing: deep product knowledge, engineering support, and a team that actually picks up the phone.

What We Are vs. What We Are Not

What We Are	What We Are NOT
The design/supply partner for pros (Nationwide)	A deck builder who added pergolas to the menu
Motorized pergola, screen, & glass specialists	A single-brand dealer pushing one manufacturer
System-agnostic (we recommend what's right)	A generic "outdoor living" company
Full-service locally (design/supply/install)	The cheapest option (we compete on execution)
A resource for trade partners (engineering support)	A local-only business

Key Differentiators

1. **We Own the Design/Supply Partner Niche:** We are built to support professionals (builders, architects) who need engineering and procurement support, unlike competitors set up only for homeowners.
2. **System-Agnostic Expertise:** We are not locked into one manufacturer. We recommend the best system for the project.
3. **National Reach, Local Roots:** Single point of contact for trade partners nationwide, plus full install capabilities for local projects.
4. **Specialization:** Core expertise in motorized systems, not an add-on.
5. **Combined Expertise:** We own both Pergola and Screen categories under one roof.
6. **Physical Showroom:** A tangible resource for clients and a training facility for partners.

4. Target Markets

B2B / Trade Partners (National — Primary Growth Channel)

- **Profile:** Custom home builders, general contractors, architects, landscape designers,

outdoor living dealers, and design/build firms.

- **Geography:** Nationwide (All 50 States).
- **What They Need:** A reliable specialty partner who knows motorized systems, can spec the right product, handle engineering, and deliver on time.
- **Services We Offer:** System selection/design, engineering support, procurement, dealer pricing/commissions, installer training, installation support.
- **Value Prop:** One partner for everything motorized. System-agnostic, deep knowledge, no brand bias.
- **Why They Stay:** We make their projects easier and minimize their risk.

Residential (Local)

- **Profile:** Affluent homeowners with \$50K+ project budgets.
- **Geography:** Lake County IL, McHenry County IL, North Shore Chicago, Lake Geneva/Kenosha WI.
- **Mindset:** Quality and service over lowest price; "do it right the first time."
- **Entry Point:** "I want a pergola" or "I want retractable screens."
- **Why Us:** The same expertise used by pros nationwide, combined with local white-glove installation crews.

5. Products & Services

Core Offerings (Lead With These)

Product	Description	Notes
Motorized Pergolas	Louvered roof systems with adjustable louvers for sun, shade, and rain protection.	Multiple manufacturer options.
Retractable Screens	Motorized zip screens for bug protection, sun control, wind protection, and privacy.	MagnaTrack and other brands.
Glass Enclosures	Motorized glass wall systems for year-round outdoor rooms.	Premium option for 4-season use.

Complementary Offerings

- Outdoor Kitchens
- Outdoor Furniture
- Heating Systems (Infrared/Fire features)

- Umbrella Systems (Commercial-grade)

Services

For Trade Partners (National):

- System selection and specification.
- Custom design and engineering support.
- Procurement (handling vendor relationships).
- Ship-to-site supply.
- Dealer pricing/commissions.
- Installer training (Spring Grove or on-site).

For Homeowners (Local):

- Free site visits/consultations.
- Custom design/engineering/permitting.
- White-glove installation.
- Care plans and maintenance.

6. Competitive Landscape

Why We're Different

The market is full of single-brand dealers and deck companies. **Nobody else has built their business around being the design/supply partner for professionals.** That's our lane.

Key Competitors (Local/Regional)

Company	Location	Brand(s)	Notes
Erdmann Outdoor Living	Western Suburbs	StruXure only	40+ years, full outdoor living.
Warner's Decking	Naperville	Solace only	35+ years, primarily decks.
OnDeck	Lake Zurich	Renson only	Lake Geneva presence.
StruXure Northshore	Chicago area	StruXure only	Manufacturer rep.
Backyard Builders	Grayslake	Sundance	In our backyard, newer to motorized.

Competitive Advantages to Emphasize

- **Multi-Brand Access:** We aren't locked into one manufacturer.
- **National Scope:** We serve professionals nationally.
- **Specialization:** We are specialists, not generalists.
- **Showroom:** Physical location for training and demos.

7. Brand Voice & Messaging

Tone

- **Overall:** Professional but approachable. Local and genuine. Confident without being salesy.
- **Vibe:** The partner a builder calls when they need it done right.
- **Avoid:** Corporate jargon, pushy tactics, generic "outdoor living" buzzwords.

Key Messages

For Trade Partners:

1. Your design and supply partner for motorized systems—anywhere in the country.
2. System-agnostic recommendations (we help you spec the *right* system).
3. We handle the complexity (design, engineering, procurement) so you don't have to.

For Homeowners:

1. We are specialists, not generalists.
2. We recommend what is right for your project, not what we are contractually obligated to sell.
3. Full service: Design, Permitting, Installation, Care.

Vocabulary

- **Use:** Specialist, expertise, system-agnostic, design & supply, partner, local/nationwide, white-glove, engineered.
- **Avoid:** Solutions, leverage, synergy, world-class, luxury (overused), "transform your space" (cliché).

8. Physical Assets

Showroom

- **Address:** 1802 Holian Drive, Spring Grove, IL 60081
- **Strategic Use:** Major differentiator. Used for homeowner demos and as a **training facility for partner installers** visiting from around the country.

Other Assets

- Branded trucks and trailers.
- Raw project video footage.
- Completed project portfolio.
- Established global supply chain relationships.
